

Ichthys Project Onshore LNG Facilities Update

Community Bulletin #172 – JKC Australia LNG Pty Ltd

The UGL-Kentz Quaks team, who won the very first Bladin Point subcontractor challenge sports event. Inset: Quaks player Chuck Norris proudly displaying the team trophy.

Bladin's Hottest 7s

The Project reached Rugby World Cup fever pitch last weekend with 15 teams braving the build up to compete in the first subcontractor challenge 'The Hottest 7s' rugby union championships at Rugby Park, Marrara. After an eventful evening, the Quaks from UGL-Kentz took out the trophy and coach, Bill Jones, was ecstatic with the win.

"What a great tournament with a family atmosphere enjoyed by all.

"After a slow start losing our first game, we came back strongly, winning our pool and ending up in the grand final with our cousins – Kentz," he said.

"We are delighted to win the challenge and take the title of Bladin Point Rugby Union Touch Champions of 2015!"

The Quaks took home the inaugural trophy which will be proudly displayed on site at their office until the next tournament.

Players also received individual trophies, a special jersey and a gift bag.

More than 180 players from the Project took part in the event, which is organised by JKC's Reward and Recognition team.

The next tournament will be held in February.

Employment enquiries

To register your interest to work on the Project, go to www.ichthysjobs.com. If you have difficulties online please seek assistance at our Construction Employment Mobilisation Centre (CEMC), 22 Mitchell Street, Darwin, from 10am to 4pm, Monday to Friday, or call 8931 8999.

Talk to us

You can contact our Community Relations team with any Project related inquiries by calling our Community Feedback line on 1300 724 795.

Peak construction: What routes will the buses travel?

JKC's transportation map, including our park'n'ride locations, used by workers living locally, is provided below with the bus routes highlighted in red.

JKC is committed to ensuring the safety of the community and our workers – please help us continue to share our roads safely.

Ichthys Project Onshore LNG Facilities Update

This week JKC advises transport to and from our sites for the period 31 October – 6 November:

Bussing

Please note each bus may be used more than once from different locations

- Twenty-six buses daily carrying workers from Darwin and Palmerston to Bladin Point
- Fifty-five buses daily from Manigurr-ma Village to Bladin Point with five buses stopping at Bladin Village
- One bus every half hour from Manigurr-ma Village to Darwin International Airport
- Thirty-one buses daily from Darwin International Airport park'n'rides to Bladin Point
- Twenty-six buses daily from Yarrowonga park'n'rides to Bladin Point
- Five buses daily from Coolalinga park'n'ride to Bladin Point
- Three buses daily from Tulagi Rd park'n'ride to Bladin Point
- Five buses daily from Syrimi Rd park'n'ride to Bladin Point
- Up to 20 buses daily will travel from site to a bus parking area at Bladin Village to reduce return traffic

Peak bus times:

Monday to Friday from 5am to 7am and 4pm to 6pm

Saturday and Sunday from 5am to 7am and 2pm to 4pm

Park'n'ride Facilities

Park'n'ride facilities used by local workers are currently operational at:

- Beresford Road, Yarrowonga
- Georgina Crescent, Yarrowonga
- Tulagi Rd, Yarrowonga
- Giraween Rd, Coolalinga
- Palmerston Interchange (temporary, limited)
- Syrimi Rd, Tivendale (limited)
- Darwin International Airport:
 - Charles Eaton Drive
 - Larkin Avenue

Bladin Point

- Forty-two road trains daily carrying material from East Arm Port via Berrimah and Wishart roads, Elrundie Avenue, Channel Island and Wickham Point roads to site
- Ten road trains daily transporting crushed rock from Mt Bunday quarry via the Arnhem and Stuart highways, Jenkins, Channel Island and Wickham Point roads to site
- Six concrete trucks daily from Channel Island Road quarry to site
- Ten trucks daily from interstate via Stuart Highway, Jenkins, Channel Island and Wickham Point roads to site
- Ten trucks daily carrying fill from Howard Springs quarry via Howard Springs Road, Stuart Highway, Jenkins, Channel Island and Wickham Point roads to site
- Two trucks daily carrying fill from DAC Howard West quarry via Tulagi Road, Stuart Highway, Jenkins, Channel Island and Wickham Point roads to site
- Up to 16 trucks daily carrying sand from Sunday Creek quarry via the Arnhem and Stuart highways to site
- Heavy vehicle movements will take place from East Arm Port to Bladin Point via Berrimah Road, Tiger Brennan Drive, Stuart Highway, Jenkins, Channel Island and Wickham Point roads. As required, special traffic controls will be in place

Manigurr-ma Village

- Alarm testing will occur each Tuesday at 4pm

The dreaded beep test: Village residents undergoing fitness testing at the Manigurr-ma Village with ESS-Larrakia Active Life Coaches this week. Coaches were impressed at the levels of fitness displayed by the Project workers.

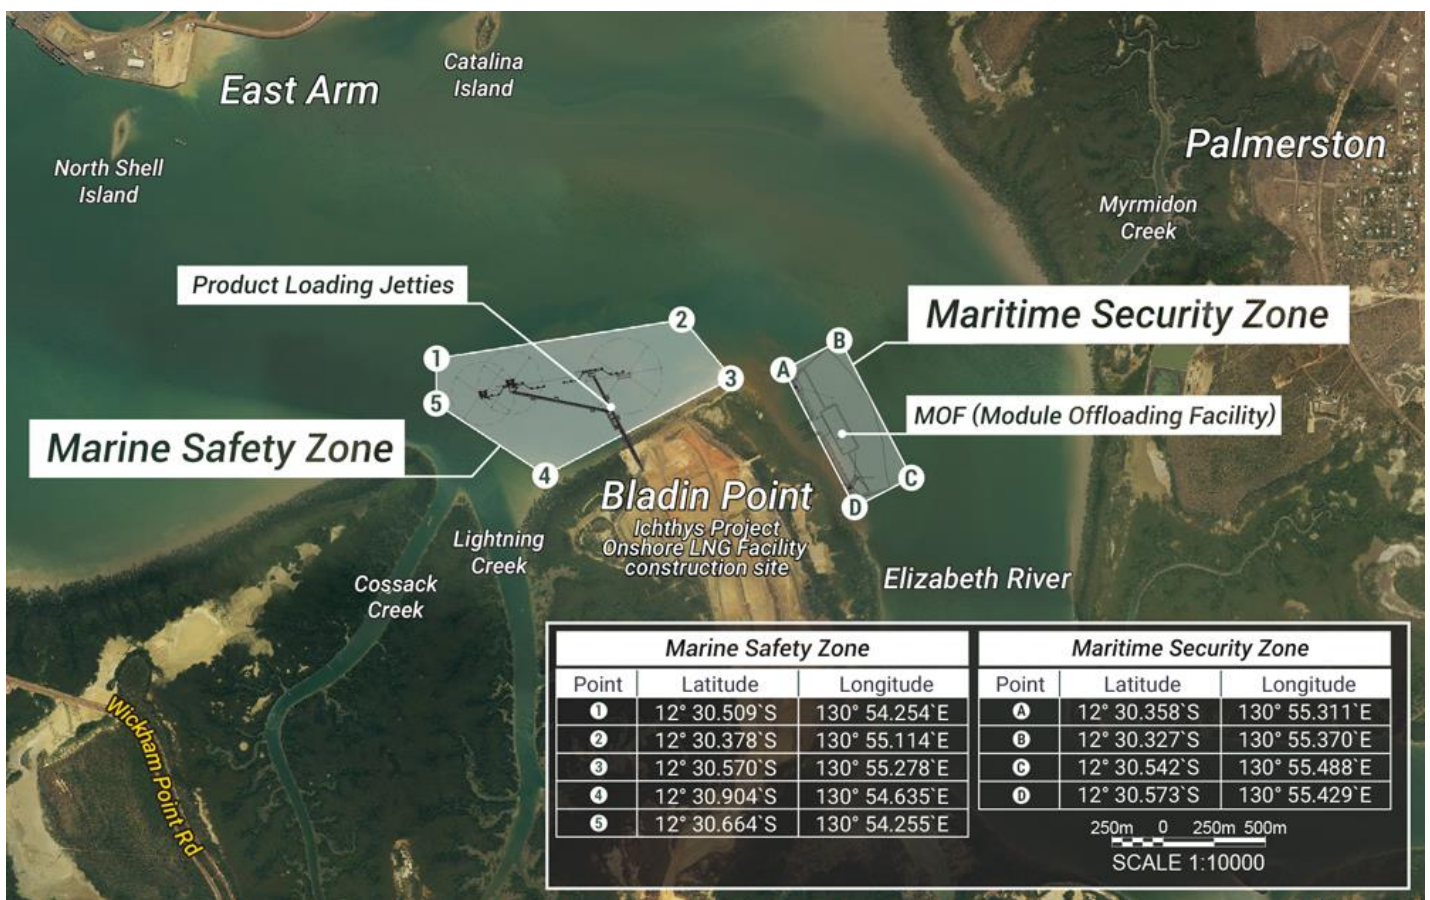

Appropriate dust suppression measures are in place at Bladin Point. All truck rock loads are covered. Noise, dust and road conditions will continue to be monitored.

Marine activity – advice to harbour users

Module Offloading Facility (MOF) and Jetty

- A number of marine vessels are now in Darwin Harbour working near the MOF and the jetty near Bladin Point
- Please obey the 250 metre marine safety zone
- Please also check the Mariners' Notices regarding the maritime security zone
- The MOF is now operational and subject to all maritime security regulations
- Large marine vessels and transport barges with associated tugs will be transiting the area
- These vessels are restricted to operations within the marked channel area and are extremely restricted in their ability to manoeuvre

For up-to-date information on activities in the harbour, please remember to always check the Mariners' Notices at www.darwinport.nt.gov.au, which includes information on hazards and safety zones.
